Activities

- **World Environment Day**

The Department of Environmental Studies celebrated World Environment Day on the 5th of June, 2023, to raise awareness about environmental issues. This year's celebration theme was "Beat Plastic Pollution," emphasizing the urgent need to reduce plastic waste and promote sustainable alternatives. Students were actively involved in preparing posters. Teachers explained to students the importance of reducing the usage of single-use plastics. One of the critical initiatives of the event was the promotion of cloth bags as an alternative to plastic bags. The event encouraged students to take proactive steps toward a more sustainable future.

- **National Energy Conservation Day**

National Energy Conservation Day was celebrated with great enthusiasm and dedication on December 14th, 2023. The event aimed to raise awareness about the importance of conserving energy and promoting sustainable practices among students. Students actively participated in preparing posters that highlighted the significance of energy conservation. The posters created by the students were exhibited on the activity display board. Moreover, students conducted group presentations in different classes. The event educated and inspired students to adopt sustainable practices, contributing to a greener and more sustainable future.

- **National Tourism Day**

National Tourism Day was celebrated on 27th January 2024. The theme for this year was "Sustainable Journey, Timeless Memories," emphasizing the importance of sustainable travel practices while creating lasting memories. Students shared their experiences and memories from their recent visits to various places. This interactive segment allowed students to recount their travel stories, highlighting the unique aspects of their destinations. Students learned that traveling is not just about leisure but also about gaining knowledge and experiencing different cultures. The event successfully conveyed that traveling is about creating timeless memories and embarking on a sustainable journey that benefits everyone.

- **Russian Ocean Way**

On the 27th of February 2024, our institute had the privilege of hosting an event organized by the Department of Environmental Studies in association with the International Collaboration Committee. The "Russian Ocean Way" event featured distinguished guest speakers from the Sea Voyagers, Ms. Yulia Kalyuhanya- an experienced sailor, geographer, and oceanographer, and Mr. Evgeny Kivalevskiy, a sailor and navigator. The session aimed to inspire students about geographical exploration's vast potential and excitement. Their visit to our institution brought a wealth of knowledge and inspiration to our students, emphasizing the importance of geography, exploration, life underwater, and the lessons learned from the world's oceans. The event was treasured, leaving a lasting impression on the students. The Russian Ocean Way event was a significant success, enriching the academic experience of our students.
