The department organized the following events for the students to explore opportunities and changing trends in the IT Industry.

1. The year began with a seminar for third-year students on 24th June 2023 by Mr. Ankit Unnikrishnan on "How and Why to Choose Security as a Career?". The seminar covered aspects of choosing Security as a career.

2. On 19th July 2023, Squad Infotech Pvt. Ltd gave a seminar on "Career Opportunities in the Software Testing Industry."

3. On 5 August 2023, a masterclass seminar on "Data Science" was organized in association with Aptech Learning for second—and third-year students.

4. SQUAD Infotech Pvt. Ltd 's placement division, Smarthunt4u, organized the "Campus Recruitment Training Program" on 26th October 2023 to help third-year students get their first job. 7 students were selected for the training program.

5. Computrain study abroad organized a seminar for second- and third-year students on studying abroad in countries like Canada, Australia, etc., on 27th January 2024 and offered their complete assistance for those seeking admission to foreign universities.

6. Curiosity is an Inter-collegiate organized by the Department of I.T. every year. The theme for this year was "**Virtual Minds**". It was held on 29th January 2024. The theme's motto was to explore the possibilities of artificial intelligence. The event mainly focuses on promoting the plethora of talents and abilities displayed by different college students while fostering teamwork, effective financial management, and enhancing our interpersonal communication skills. It built a sense of unity and belonging on campus by giving teachers, staff, and students a chance to come together and showcase their talents.

This year, the gaming arena was a huge success, with 250 participants registering for the gaming event.

The Hon. Secretary, CA Shashi Varma, the Hon. Treasurer, CA Krishnamoorthy, and the Principal, Dr. Vijetha Shetty, inaugurated the fest. The fest began with an opening ceremony, followed by the guests, principal, and all teachers enjoying the non-technical and fun games.

Technical games like Valorant, Stumble Guys, and Counterstrike were part of the event, which attracted maximum participation. The winners were awarded with cash prizes and certificates.

7. On 17 February 2024, the third-year students attended a seminar on "Navigating a career in Information Technology" by Nikhil Gokhale, Head of Research, IBS Intelligence. The main objective of this seminar was to give insights into the current environment, the trends of the IT industry, and the opportunities that will arise after graduation. The speaker specifically emphasized shaping a career in the IT industry professionally.

The Department organized the events to understand students' concerns and provide the necessary exposure to elevate students' careers and promote holistic development.
